EU Property Solutions are your trusted foreign property debt specialists.

In the wake of the 2008 financial crash, EU Property Solutions were established as Europe's leading experts in foreign property debt. Our diverse team is composed of professionals from various fields, including finance, property, accountancy, and insolvency.

We specialise in negative equity properties, negotiating mortgage arrears, assisting with interest-only mortgages, and much, much more. Our niche approach makes us one of the few companies in this industry.
